WE ARE THE MEMBER OF

Ewa Magiera,
President of the Board

Ladies and Gentlemen,

On behalf of the Management Board of the Polish PV Association (PSF) I have the pleasure to invite you to join an industry association established in 2019 to become the largest organisation in Poland supporting the development of large-scale PV installations.

Irena Gajewska,
Vice President

Key goals objectives of PSF include increasing political and social awareness of the PV sector and development of appropriate regulatory environment.

Our business experience, knowledge of legal environment and the status of an industry association enable us to partner with decision-makers, bringing closer establishment of sound regulatory solutions and fostering development of the PV sector in Poland.

Jacek Kosakowski,
Vice President

Participation in our works will guarantee access to the latest industry knowledge and include your voice in position papers filed in the course of works on legislative changes. Our members also receive daily media reviews and a cyclic newsletter summarising current information.

Moreover, PSF members are welcome to participate in working groups, enabling exchange of experiences, planning of business development events and presentation of joint position papers. The privilege to chair thematic or task working groups is vested in representatives of supporting members.

Krzysztof Tyszkiewicz,
Vice President

Polish PV Association is dedicated to becoming the largest platform integrating market players, creating numerous opportunities for exchange of experiences and establishment of new business relations. Therefore, we organise seminars, workshops, and conferences on a regular basis, including the PV Congress in Warsaw (kongresPV.pl) — the largest event of the PV industry in Poland.

Detailed offer is presented in the attached membership application.

Łukasz Witkowski,
Vice President

We are looking forward to cooperating with you!

Ewa Magiera

Ewa Magiera
President of the Board

Szymon Witoszek,
Vice President
